

**Operation Mindfuck**  
**Stage I – Successful**

We set you and your rapist FBI buddies up to take a fall my nigga. And how you did fall even when you pretended to be Secuntra Nexion to get me snitched on for false claims about bullshit. Instead we turned the tables on you because everybody knows your the one who was harassing and bullying a 15 year old girl you are pretending to be dating. Wonder how your wife would see that? That you are trying to have sexual relations with a teenaged girl. False or not still pretty hefty accusations you have to come back from. And you destroyed the O9A so now we are destroying you. The FBI won't take kindly to these facts if it reveals you weren't pretending to be a pedophile but are one. And nor will the actual pedophile weirdos who are O9A. So you are setup now by being attacked on two fronts. With David Myatt stepping down from the O9A because of you and getting what you wanted all along ie to take over the O9A. Now look at you, you pathetic limp dicked faggot.
